

Create your Networking List

This activity has been designed to support you in creating and preparing a purposeful networking list.

Step 1

Reflect on your target market, organisations you would like to know more about and potential roles you're keen to understand. Write them down!

Target Market	
Target Organisations	
Target Positions	

Step 2

Consider people in your network that you could request a meeting with to support your research and help you learn more about your target market, organisations and roles. Consider how they will support you to meet your objectives. Fill out these fields:

- 1.Name/Position
- 2.Organisation - Note the contact’s organisation or how you know them.
- 3.Contact details
- 4.Research Topics - What information you would like to obtain from this person.
- 5.Questions - Create some questions you will ask when you meet.
